

# DE-FOAM

## All-Purpose Foam Buster

DE-FOAM is a blend of anti-foaming agents and water conditioners. It is intended for commercial use in carpet extraction and cleaning equipment. It can also be used in automatic scrubbers and other vacuum operated systems. This concentrated defoamer is designed to eliminate foaming due to residue left by carpet cleaning chemicals and other foaming cleaners. It quickly knocks down foam to give more efficient pick-up of extractor detergent solutions, and prevents foaming in the recovery tanks. DE-FOAM can be used in other powered equipment that requires an anti-foaming agent. Always apply a small amount to test for effectiveness.

### ■ PHYSICAL PROPERTIES

APPEARANCE: Cloudy Liquid  
 SPECIFIC GRAVITY: 1.012  
 ODOR: Butyl  
 pH (Conc.): 6 to 8  
 FLASH POINT: N/A (WATER-BASED LIQUID)

### ■ PACKAGING

De-Foam is available in 4x1 gallon cases and 5 gallon pails.

### ■ ADDITIONAL INFORMATION

If you need additional information, please contact our corporate office at 816-471-3602. For a Material Safety Data Sheet go to [www.chemicaluniverse.com](http://www.chemicaluniverse.com).

### ■ DIRECTIONS

If foaming occurs on the carpet or in the recovery tank, pour 2 ounces of defoamer into the vacuum hose. This will eliminate foam in hoses and the recovery tanks. D-FOAM can also be added directly to the recovery tank of the extraction equipment or automatic scrubber.

### ■ SAFE STORAGE & HANDLING

Caution: This product is intended for Industrial and Institutional use. Although this is a mild cleaning agent, it can cause irritation to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10-15 minutes. If irritation persists, seek medical attention. Always read the Material Safety Data Sheet for additional precautions before using this product.
