

INSTANT HAND SANITIZER

Hand Sanitizer With Lanolin & Aloe

Instant Hand Sanitizer Gel enables the instant and thorough sanitizing of hands without water. It contains alcohol, and kills potentially harmful microorganisms. Since it requires no water, it is convenient to use anywhere. Instant Hand Sanitizer Gel is an alcohol based hand sanitizer formulated to be used without water or towels. Controls many of the microorganisms that are of public health concern. Instant Hand Sanitizer Gel leaves no residue it quickly and completely evaporates from the skin, eliminating the need for towels. It may be used repeatedly throughout the day without irritation.
