#### ■ ADDITIONAL INFORMATION

If you need additional information, please contact our corporate office at 816-471-3602. For a Material Safety Data Sheet go to [www.chemicaluniverse.com](http://www.chemicaluniverse.com).

#### ■ DIRECTIONS

Sof-Cling is used by: Institutions, Schools, Public Buildings, Municipalities, Restaurants, and other Commercial Location. To clean toilet bowls, flush toilet and add 4oz of HI-CID directly to the toilet bowl. Swab bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand 5 minutes if hard water deposits are present, then flush.

To clean urinals, add 2-4 oz of HI-CID to the interior surface of the urinal. Agitate the solution with brush or toilet mop making sure to scrub completely under the rim. Let stand 5 minutes, then flush.

For badly stained toilet bowls, flush toilet and use toilet mop to push water from the bowl over the trap. Press swab mop against bowl to remove excess water. Then saturate mop with 2oz of HI-CID while holding bottle and applicator over the bowl. Swab bowl completely making sure to get under the rim. Let stand 10 minutes then flush.
