

SOUR

NEUTRALIZING LAUNDRY SOUR

A concentrated blend of acids that prevents discoloring of fabrics caused by iron or mineral content. Neutralizes residual alkalinity and adjusts the pH of fabric to the proper level. A highly active product that completely neutralizes residual alkali in the wash load. Final linen pH should be 5.5 - 6.5. Removes residual alkali, strips hard water (lime) deposits and helps to prevent and remove rust stains. This product is fully soluble and works easily in all water temperatures.

■ PHYSICAL PROPERTIES

APPEARANCE: Clear Blue Liquid
SPECIFIC GRAVITY: 1.181
ODOR: Characteristic
pH (Conc.): 1 to 3
FLASH POINT: N/A (WATER-BASED LIQUID)

■ DIRECTIONS

Use Sour by adding to the final rinse at 1 - 2 cup per 100 lbs. of laundry to maintain a pH of 5.5 - 6.5 on finished linen. Recommended to hotels, motels, hospitals, nursing homes, commercial laundries, restaurants, and other on-premise laundries.

■ SAFE STORAGE & HANDLING

Warning: This product is intended for Industrial and Institutional use. It can cause irritation and/ or damage to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10 - 15 minutes. If irritation persists, seek medical attention. Always read the Material Safety Data Sheet for additional precautions before using this product.
