

# MARBLE COMPOUND

## Marble Restoration Paste

Marble Compound is a blend of polishing powders in a liquid base of stone conditioning agents. It is formulated to provide a high gloss appearance to all polished marble, limestone, and terrazzo. Marble Compound easily removes light scratches from the surface and creates a high gloss polish on even difficult-to-polish marble surfaces. This product works on worn marble surfaces and those that have not responded to other marble polishing compounds or crystallizers.

### ■ PHYSICAL PROPERTIES

APPEARANCE: Yellow Slurry  
 SPECIFIC GRAVITY: 1.42  
 ODOR: N/A  
 pH (Conc.): 8 to 8.5  
 FLASH POINT: N/A (WATER-BASED LIQUID)

### ■ PACKAGING

Marble Compound is available in 8 lb. and 50 lb. tubs.

### ■ ADDITIONAL INFORMATION

If you need additional information, please contact our corporate office at 816-471-3602. For a Material Safety Data Sheet go to [www.chemicaluniverse.com](http://www.chemicaluniverse.com).

### ■ DIRECTIONS

**Surface Preparation:** Surface must be clean and dry. On floor surfaces, make sure all waxes, floor finish or other coatings are removed. If there is a coating on the floor, use a heavy duty stripper for removal. Wash floor to remove any remaining soil from surface.

**Application:** You may use a conventional speed floor machine (175 RPM) with a red pad and floor squeegee. An automatic scrubber may also be used. Place 6 tablespoons (3 oz.) product on the floor in a circle. Spray 2-3 trigger pulls of water from a spray bottle onto the work an area of approx. 9 sq. ft. in size (0.84 square meters). Place the floor machine with a red pad onto the mixture and begin to polish in a slow, side-to-side motion. Make 4 complete passes and inspect the results. If satisfactory, move to the next area. If not make more passes. Count passes and make the same number of passes over the entire floor. Add more paste and water as needed. After polishing an area of approximately 25 square feet (2.32 square meters), rinse the polished area to remove any slurry.

**Coverage:** 350 sq. ft. (32.5 Sq. Meters) per pound. (NOTE: Condition of floor will affect product coverage rate).

### ■ SAFE STORAGE & HANDLING

**Caution:** This product is intended for Industrial and Institutional use. Although this is a mild cleaning agent, It can cause irritation to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10-15 minutes. If irritation persists, seek medical attention. Always read the Material Safety Data Sheet for additional precautions before using this product.
