

QT MAGIC

Quarry & Ceramic Tile Cleaner

QT MAGIC is a blend of organic acids, detergents and water conditioning agents designed to remove alkaline scale and deposits on hard surfaces such as stone floors and other mineral based surfaces. QT Magic is an acid based product. Always test on surface to be cleaned first to insure no surface damage can occur.

■ PHYSICAL PROPERTIES

APPEARANCE: Clear Liquid
 SPECIFIC GRAVITY: 1.023
 ODOR: Mint
 pH (Conc.): 0 to 2
 FLASH POINT: N/A (WATER-BASED LIQUID)

■ PACKAGING

QT Magic is available in 4x1 gallon cases, 5 gallon pails and 55 gallon drums.

■ ADDITIONAL INFORMATION

If you need additional information, please contact our corporate office at 816-471-3602. For a Material Safety Data Sheet go to www.chemicaluniverse.com.

■ DIRECTIONS

Use caution when cleaning because floor may become slippery as a result of grease and oil residue. Remove all food equipment from area. When in doubt about the use of QT MAGIC on a particular surface, try on a small, inconspicuous surface first.

Daily Cleaning: Dilute QT Magic at a rate of 20:1 (6oz./gal). Using a mop, apply product directly from mop bucket. Do not wring out the mop. Spread evenly over the entire floor using an aggressive deck brush. Allow to remain on surface for five minutes. Pick up residue with a clean mop or a wet/dry vacuum. Change the rinse water often to avoid re-deposit of soil on the floor.

■ SAFE STORAGE & HANDLING

Warning: This product is intended for Industrial and Institutional use. It can cause irritation and/or damage to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10-15 minutes. If irritation persists, seek medical attention. Always read the Material Safety Data Sheet for additional precautions before using this product.
