

STONE GUARD WB

Water-Based Penetrating Sealer

Stone Guard WB is a highly effective water based impregnating sealer formulated to help protect your stone surfaces from water and oil born stains. This sealer provides an invisible barrier resistant to stains, while allowing the surface to properly breathe. Stone Guard WB is a water based flouropolymer, impregnating sealer. All natural stone should be sealed with an impregnating sealer to protect the surface of the stone from oil and water stains. Sealing your grout stops dirt and grease from soaking in and staining the grout.

■ PHYSICAL PROPERTIES

APPEARANCE: Cloudy White Liquid
 SPECIFIC GRAVITY: 1.118
 ODOR: Characteristic
 pH (Conc.): 6 to 8
 FLASH POINT: N/A (WATER-BASED LIQUID)

■ PACKAGING

Stone Guard WB is available in 4x1 gallon cases, 5 gallon pails and 55 gallon drums.

■ ADDITIONAL INFORMATION

If you need additional information, please contact our corporate office at 816-471-3602. For a Material Safety Data Sheet go to www.chemicaluniverse.com.

■ DIRECTIONS

Preparation: Surface must be clean, dry and free of coatings or sealers. Clean/Strip the floor first with Ultimate Stone & Grout Intensive Cleaner.

1. Apply evenly using a brush, roller, cloth, sponge, or sprayer.
2. Buff dry any excess sealer that does not penetrate within 3 to 5 minutes with an absorbent towel or carpet bonnet.
3. Highly porous surfaces may require a second or third application to give full protection.
4. Wait a minimum of 1 hour between applications.

Cure Time: May be opened for foot traffic in 2 hours. Achieves a full cure in 24 hours.

Limitations: Surface temperature must be between 50° and 90° F (10° and 32° C). Will not prevent etching from acid or caustic chemicals. May damage non-recommended surfaces - protect from contact. May darken some materials.

■ SAFE STORAGE & HANDLING

Caution: This product is intended for Industrial and Institutional use. Although this is a mild cleaning agent, It can cause irritation to eyes and skin. Avoid contact by wearing protective devises such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10-15 minutes. If irritation persists, seek medical attention. Always read the Material Safety Data Sheet for additional precautions before using this product.
