

# REAL SHINE

## High Gloss Tire Shine

Real Shine is a premium silicone emulsion that protects all types of rubber tires against checking, dulling, fading, cracking, hardening, deterioration and aging. Real Shine is a water based formula that is easy to apply—no smudges or runs. It renews the original finish and restores the "like new" luster to rubber tires and whitewalls, and resists wash off to keep tires looking great longer. Odorless, non-toxic, non-corrosive and contains no harsh solvents. Also shines, renews, and protects rubber and plastic bumpers, side moldings, mud flaps and air dams.

### ■ PHYSICAL PROPERTIES

APPEARANCE: Milky White Liquid  
SPECIFIC GRAVITY: 1.107  
ODOR: Characteristic  
pH (Conc.): 5 to 7  
FLASH POINT: N/A (WATER-BASED LIQUID)

### ■ ADDITIONAL INFORMATION

If you need additional information, please contact our corporate office at 816-471-3602. For a Material Safety Data Sheet go to [www.chemicaluniverse.com](http://www.chemicaluniverse.com).

### ■ DIRECTIONS

Spray onto surface to be treated, and allow it to penetrate for several minutes. For a higher gloss finish, buff with a clean cloth to give the maximum luster.

Real Shine is a "Ready to Use" product. No diluting is needed. Simply apply Real Shine on to the surface and allow it to penetrate. You can also buff the surface with a towel for a higher gloss.

### ■ SAFE STORAGE & HANDLING

Caution: This product is intended for Industrial and Institutional use. Although this is a mild cleaning agent, It can cause irritation to eyes and skin. Avoid contact by wearing protective devices such as safety glasses and rubber gloves. If contact to eyes or skin, flush with water for 10-15 minutes. If irritation persists, seek medical attention. Always read the Material Safety Data Sheet for additional precautions before using this product.
