

## PHYSICAL PROPERTIES

**Appearance:** Clear Liquid  
**Specific Gravity:** 1.07  
**Odor:** Citrus  
**Ph (Conc.):** 13-14  
**Flash Point:** >385°F (196°C)

## PACKAGING

12X32, 4X1 gal, 5 gal,  
55 gal

# Coil Kleen

## NON-ACID COIL CLEANER

### ABOUT THIS PRODUCT

Coil Kleen is a blend of organic detergents, alkaline builders and water soluble solvents designed to provide fast and effective cleaning of refrigeration coils on air conditioning and refrigeration equipment. It is fully rust inhibited and safe for cleaning on metal surfaces.

Coil Kleen removes dust, dirt, grime, grease and oxidation from aluminum or copper coils and fins of cooling units and air conditioners. Use it regularly to clean the coils for more efficient operation and lower power consumption.

For use by service professionals only. Contains no acids, no carbon tetrachloride, no naphthas, no chlorinated solvents, or benzene. Removes heavy deposits of oxidized waxes, greases, baked-on carbons, soot, gums, resins, oils, carbon deposits, dye, scum, inks.

### DIRECTIONS

Coil Kleen is intended as a "ready-to-use" product. It can be diluted with water if conditions do not merit a stronger cleaner.

**FOR HEAVY DEPOSITS:** Spray Coil Clean directly on to the coils surfaces until the dirt and chemical solution runs off. Coil Kleen is a highly foaming product. The foam will hang onto the surface and continue to clean. It can be rinsed from the coils or it will self neutralize as the coils start to condensate when the unit is placed back into service.

### PRECAUTIONARY STATEMENTS

**Prevention:** Do not breathe dusts or mists. Wash hands and exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. **Response:** Call a POISON CENTER/doctor /medical professional if you feel unwell. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable breathing. Immediately call a POISON CENTER/doctor/ medical professional. Specific treatment (see Section 4 on the Safety Data Sheet). **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. **Storage:** Store locked up. **Disposal:** Dispose of contents/container in accordance with local/regional/ national/international regulations.
