

PHYSICAL PROPERTIES

Appearance: Milky Pink Liquid

Specific Gravity: 1.04

Odor: Characteristic

Ph (Conc.): 1-2

Flash Point: Does not flash

PACKAGING

4X1 gal, 5 gal, 55 gal

Marble Magic

MARBLE CRYSTALLIZER

ABOUT THIS PRODUCT

Marble Magic is an economical and very effective marble polish for use on all calcium-based surfaces. Ideal for maintenance and restoration of polished surfaces and for worn or etched areas. Marble Magic restores a natural high shine to your marble floors.

Use On: Marble, Terrazzo, Travertine and other calcium based stones
Always test a small area to check for desired outcome.

Equipment: Standard low speed floor machine, Grade #0 Steel Wool, spray bottle with adjustable nozzle.

Coverage: 2,500 ft/gallon initial application. 15,000 ft/gallon maintenance.

DIRECTIONS

Before first use: Protect adjacent areas with chemical resistant or plastic cover. Clean the floor to remove all traces of wax and sealers. Scrub grout lines to remove all residue. Allow floor to dry completely before polishing.

1. Shake floor polish and fill the spray bottle.
2. Place clean steel wool pad under floor buffer. As pad becomes wet and loaded with polish, turn it over or change pads.
3. Spray 3 or 4 squirts of polish onto the floor and buff with a side-to-side motion until dry. Apply polish in a 3'X 3' section.
4. After polishing, buff the corners by hand with a small steel wool pad to remove residue and even out the shine.
5. Sweep with a clean dry dust mop, to remove polish residue and shavings.

Quick Tip: For the first application, at least three treatments will be needed to obtain desired shine. Best results have been obtained when the floor has a good shine, and feels slightly sticky when walked on.

PRECAUTIONARY STATEMENTS

Prevention: Wash hands and exposed skin thoroughly after handling. Wear eye protection/face protection. **Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Call a POISON CENTER/ doctor/medical professional if you feel unwell.
