ABOUT THIS PRODUCT

This premium chlorinated dish detergent provides excellent food and grease removal in dish machines. Chlorinated to help remove stains such as coffee, tea, juice, and protein soils, It is formulated to remove a wide range of organic and man-made soils from stainless, iron, silver, copper and fine china ware. This heavy duty detergent is effective in hot or cold water systems and is biodegradable. It is intended for high temperature machines. It is custom formulated with additional chelating agents for extreme hard water conditions.

DIRECTIONS

1. Pre-spray and/or scrape dishes before washing.
2. Rack dishes properly.
3. Place dishes in machine.
4. Consult technician for proper dilution rate.
5. Use Rinse/Dry Aid to help dishes dry spot free.
6. Allow dishes to air dry.

Note: Be sure detergent injector is working properly. This product is not intended for hand-feeding.
